

**THEODOR'S  
BLACK DRAUGHT  
FOR  
CONSTIPATION**

Constipation is nothing more than a clogging of the bowels and nothing less than vital stagnation or death if not relieved. If every constipated sufferer could realize that he is allowing poisons to remain in his system, he would soon get relief. Constipation invites all kind of contagion. Headaches, biliousness, colds and many other ailments disappear when constipated bowels are relieved. Theodor's Black Draught thoroughly cleans out the bowels in an easy and natural manner without the purging of calomel or other violent cathartics.

Be sure that you get the original Theodor's Black Draught, made by The Chattanooga Medicine Co. Sold by all druggists in 25 cent and \$1.00 packages.

Morgan, Ark., May 25, 1901.  
I cannot recommend Theodor's Black Draught too highly. I keep it in my house all the time and have used it for the last ten years. I never gave my children any other laxative. I think I could never be able to work without it on account of being troubled with constipation. Your medicine is all that keeps me up.

### Landlord's Lien.

It is the policy of a number of states in the middle West to protect the owners of land against dishonest and irresponsible tenants by giving the landlord a lien for his rent upon the crops grown upon the leased premises, and in some cases this lien is made broad enough to cover personal property used by the tenant on the land, as well as the crops.

In Missouri the law provides that every landlord shall have a lien upon the crops grown on the demised premises in any year for the rent that shall accrue for such year, and such lien shall continue for eight months after such rent shall become due and payable, and no longer. This lien may be enforced by an action of attachment brought before a justice of the peace, or in the circuit court, owing to the amount involved.—The Indicator.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address, F. J. CHENEY & CO., Toledo, Ohio.  
Sold by druggists, 75c. Hall's family pills are the best. 11-8ml

### Arizona's Plea for Statehood.

The question of statehood for the three territories of Arizona, New Mexico and Oklahoma is treated in the annual reports of the governors of those territories. Governor Brodie of Arizona argues strongly for statehood. He says that Arizona is the sixth largest political division in the country, has 132,000 population and property assessed at \$39,000,000.

He urges the passage of the enabling act now before congress for the admission of Arizona, New Mexico and Oklahoma to the sisterhood of states. Arizona has made such progress that to deny a place for her star on the flag is now considered an injustice to the people who have so faithfully borne the burdens of a territorial form of government for thirty-eight years.

### Best Liniment on Earth.

I. M. McIlhenny, Greenville, Tex., writes, Nov. 24, 1900: "I had rheumatism last winter, was down in bed six weeks, tried everything, but got no relief till a friend gave me a part of a bottle of Ballard's Snow Liniment. I used it, and two more bottles. It cured me and I haven't felt any rheumatism since. I can recommend Snow Liniment to be the best liniment on earth for rheumatism." For rheumatic, sciatic or neuralgic pains, rub in Ballard's Snow Liniment, you will not suffer long, but will be gratified with a speedy and effective cure. 25c, 50c and \$1.00 at Crenshaw's & Young's.

Members and friends of the German Baptist church gave the pastor, Rev. Hack, a donation party Tuesday night. There were about 50 persons present and everyone of them had something substantial in the way of replenishing the larder and wardrobe. Mr. Hack acknowledged the generosity in a few remarks which showed that he was indeed truly thankful for so kind a remembrance.—Higginsville Jeffersonian.

Deceased leaves a wife and two little sons, William and Paul. He was a son of Mr. and Mrs. Henry Rabasahl of this city, where he was reared and lived until two years ago. ## RUTS

The walking sick, what a crowd of them there are: Persons who are thin and weak but not sick enough to go to bed.

"Chronic cases" that's what the doctors call them, which in common English means—long sickness.

To stop the continued loss of flesh they need Scott's Emulsion. For the feeling of weakness they need Scott's Emulsion.

It makes new flesh and gives new life to the weak system.

Scott's Emulsion gets thin and weak persons out of the rut. It makes new, rich blood, strengthens the nerves and gives appetite for ordinary food.

Scott's Emulsion can be taken as long as sickness lasts and do good all the time.

There's new strength and flesh in every dose.

## Dragged-Down Feeling

In the joints. Nervousness, unrefreshing sleep, drowsiness. It is time you were doing something. The kidneys were anciently called the reins—in your case they are holding the reins and driving you into serious trouble.

### Against A Tariff Commission.

President Roosevelt's tariff commission does not meet with favor among the Republican members of the ways and means committee. One of the best known Republicans on that committee, in discussing the President's proposed tariff commission, said: "It is something no self-respecting member of the ways and means committee can sanction for a moment. It is usurpation of a power conferred upon the ways and means committee of the house by the constitution. The ways and means committee is fully able to revise the tariff. It was revised by it a good many years before Roosevelt was born and I am convinced that it can and will continue. A tariff commission, if appointed, will result in two sets of hearings, one before the commission and the other before the committee on the ways and means. The tariff commission's report would not be considered by a ways and means committee."

President Roosevelt is hopeful that the Department of Commerce bill, which already passed the Senate, may be taken up and acted upon by the House. Commercial bodies all over the United States are petitioning that such department be established and by the grace of Speaker Henderson it may be taken up at this session. There apparently is no objection to it. It is considered possible that the secretary to the President, George Cortelyou, may be made the first Secretary of Commerce. No one questions Mr. Cortelyou's fitness, but some members of Congress will protest on the ground that he represents nothing politically.

In twenty five years Mrs. Sara Bernhardt has, it is announced, been paid \$1,000,000 for her exertions on the stage, and she is now fulfilling a comparatively short engagement which will add \$400,000 to that large sum. In the last ten years her average gains have been \$60,000 a year; in the last five, \$100,000. Yet in 1873, at the Odéon Theatre, she earned only \$40 a month.

Dr. William A. Quisley of the Grand Avenue Methodist church said, in a recent Y. M. C. A. speech: "Why should not a man dress decollette? Why, I ask you? I have seen members of the gentler sex in this costume which is affected by society women, and I want you to tell me why a man should not dress in the same manner for similar functions? If such costume befits a woman, and adds to her charms, it should do likewise for a man."

### Religion of Presidents.

George Washington was a member of the Episcopal church, and a great believer in prayer, as is evidenced by numerous messages. One was: "The blessing and protection of heaven are at all times necessary but especially so in time of public danger and distress." He also said: "Though I am a member of the Church of England, I have no exclusive partialities."

John Adams, was a congregationalist, and came of a long list of Puritan ancestors, but was very liberal in his views as to religion. He was baptized October 26, 1735, in the first church of Quincy, Mass., called "The Church of Statesmen."

Thomas Jefferson's ideas on religion are difficult to classify. He was an admirer of the great Tom Paine, the agnostic, and was denounced from New England pulpits as a "Godless man," but a letter to Mrs. John Adams, shows that he believed in a future life, where "we will meet our friends." His life was a strictly moral one. He belonged to no church.

John Quincy Adams was a Congregationalist, like his father, and wrote a hymn.

Madison and Monroe were both Episcopalians in good standing.

Andrew Jackson was notoriously irreligious in his early manhood and mature life. As a youth at Salisbury, N. C., he is described as "the most roaring, rollicking, horse-racing, card-playing, mischievous fellow that ever lived in the town." After his retirement from the presidency he became converted and joined the Presbyterian church, his dying words being: "My dear children, friends and servants, I hope and trust to meet you all in heaven, both white and black."

Martin Van Buren never made any religious profession, but was a man of irreproachable morality.

William Henry Harrison was an Episcopalian of strong convictions, which prevented him from fighting duels.

John Tyler was also an Episcopalian.

James K. Polk made no profession until he was on his deathbed when a Methodist clergyman sprinkled him. Zachary Taylor apparently gave the matter of religion no thought, but his wife was an Episcopalian, and he contributed to the support of that church.

Millard Fillmore was a very quiet and pious man, who affiliated with the Baptist.

Franklin Pierce was an Episcopal communicant.

James Buchanan was always pious, but didn't join the church until after his retirement from the presidency, when he became a Presbyterian.

Abraham Lincoln was profoundly reverential and though uncommitted to any special creed, he was essentially a devout believer. Both his parents were Baptists.

Andrew Johnson was not a member of any church, but a tacit believer in Christianity. He inclined to Methodism.

Ulysses S. Grant was a Methodist, and extolled for piety by his biographers, though he was never demonstrative.

Rutherford B. Hays was a Methodist.

James A. Garfield was a member of the Church of Christ.

Cuetoer A. Arthur was an Episcopalian.

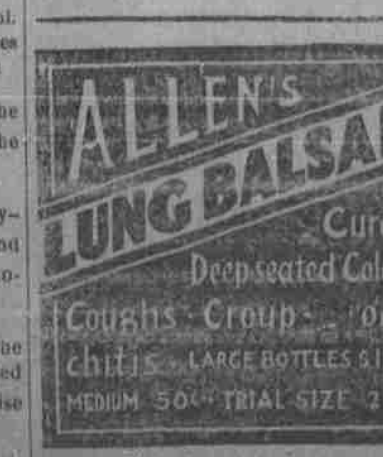

Benjamin Harrison was a Presbyterian, and active in church affairs.

Grover Cleveland is a Presbyterian.

William McKinley was a Methodist.

### A Bad Wreck.

Monday evening at 7:30 train No. 72, a fast freight on the Missouri Pacific, was badly wrecked between Lake City and Eaton. The engine and nine cars were thrown from the rails and piled up. Conductor Mike Sullivan was instantly killed and Fireman Dougherty had both legs broken and was badly scalded from the hips down. Mr. Sullivan was a married man and leaves a wife and four children. His remains were sent to Sedalia, his home, where he was buried.
